★ PROJECTS

- **CHERISH, (ReactJS, JavaScript, HTML/CSS)**
October 2021 — Present

Our web application enables anyone to safely and simply make donations or charities to different organizations, and share meaningful thoughts with the people they care about.

CHERISH will work as a digital tool to ease the donations. It acts as a transparent bridge between Charity Donation and the end Beneficiary.

It encourages someone to identify the one in distress and donate them with anything from Food, Water, Clothes, Books, used articles, or anything for charity.
- **Web Scrapping, JavaScript**
November 2021 — December 2021

Our project allows anyone to acquire non-tabular or poorly structured data from websites and convert it into a structured data file such as .csv file or spreadsheet.
